

## AVEVA SOFTWARE SCHEDULE - DEVELOPMENT PACKAGES AND TECHNOLOGIES

This AVEVA Software Schedule Development Packages and Technologies (the “Software Schedule”) supplements and is incorporated into and made a part of that certain Order Form the [AVEVA General Terms and Conditions](#), by and between AVEVA and Customer, in which this Software Schedule is referenced. Capitalized terms used in this Software Schedule without definition have the same meanings ascribed to them in the AVEVA General Terms and Conditions (the “GTCs”).

**THE SOFTWARE.** The Software is for use in the development of software integrating or extending the functionality provided by an AVEVA product or service. The Software includes components under one or more of the following categories: developer tools, libraries, header files, sample source code, data sets, configuration files, API specifications, icons, images, graphical or video objects, integrated development environments, modules for use in an integrated development environment, and documentation. Components that do not fall under these categories are not governed by this Agreement.

The Software may only be used for developing software for use with validly licensed AVEVA Products or Services.

**OWNERSHIP.** The Software is licensed, not sold, to you for use only upon the terms of this Agreement and AVEVA reserves all rights not expressly granted to you. AVEVA and/or its suppliers own all right, title and interest in the Software and all worldwide intellectual property rights therein.

As an exception, if the Software includes source code designated as sample source code, you may modify and create derivative works of the sample source code. For all modified or derivative works based off the sample source code, the following notice must be included in a customary location where such notices reside:

*This software contains code provided and copyrighted by AVEVA Group Limited or its subsidiaries.*

You may develop applications using the Software and you shall retain all rights, title and interest in and to the portions of the developed application not including the Software.

**REDISTRIBUTABLE FILES.** Unless explicitly indicated as such, files included with the Software are not redistributable and may only be used by you. As an exception, source code that is a derivative of sample source code included with the Software may be distributed by you. You agree to indemnify, hold harmless, and defend AVEVA from and against any claims or lawsuits, including attorney’s fees, that arise or result from the use or distribution of the derivative works of the sample source code included with the Software.

**AT NO TIME MAY YOU CREATE ANY TOOL, REDISTRIBUTABLE, OR PRODUCT THAT DIRECTLY OR INDIRECTLY COMPETES WITH ANY AVEVA PRODUCT(S) OR SERVICE BY UTILIZING ALL OR ANY PORTION OF THE SOFTWARE.**

**TRADEMARKS.** This Agreement does not grant any rights to use AVEVA’s or its affiliates’ names, logos, or trademarks.

**PUBLICITY.** Unless you have an agreement with AVEVA for this purpose, you may not indicate that an application created with the Software is sponsored or endorsed by AVEVA.

**OPEN SOURCE.** You may not use the Software in any manner that would cause it to become subject to an open source software license. As examples, the Software may not be used in combination with licenses that require as a condition of use, modification, or distribution that the Software be: (a) disclosed or distributed in source code form; (b) licensed for the purpose of making derivative works; or (c) redistributable at no charge.

**RISK OF USE.** You acknowledge and agree that: (a) the Software may not be in final form or fully functional and may contain errors, design flaws or other problems; (b) it may not be possible to make the Software fully functional; (c) use of the Software may result in unexpected results, loss of data or other unpredictable damage or loss; (d) AVEVA does not offer guarantees that past, present, or future versions of AVEVA products will work with the Software; and (e) AVEVA does not offer guarantees that past, present, or future versions of AVEVA products will work with developed applications using the Software.

**TERM AND TERMINATION.** This Agreement remains effective until terminated. You may terminate it at any time by destroying the Software and all copies in any form. This Agreement will automatically terminate without notice if you fail to comply with any term or condition of this Agreement. Upon any termination you must promptly destroy the Software and all copies in any form.

**GOVERNMENT USERS.** If you are a U.S. government entity or you provide our software to the U.S. government, this paragraph will apply. Our software was developed at private expense and is licensed as "commercial computer software" as defined under FAR 2.101 under the terms of this agreement as provided in FAR 52.277-19 and DFARS 227-7202 or their successors, as applicable.
